Akramul Hoque

Software Engineer · Laravel · Next.js · TypeScript

Mirpur, Dhaka, Bangladesh · ekramul1320@gmail.com · linkedin.com/in/akh1320 · github.com/akramulhoque1320 · akramulhoque1320.github.io/frontend-portfolio

SUMMARY

Software engineer with 4+ years of experience building and shipping web applications end to end, from system design, databases and APIs to responsive frontends and production deployment. Delivers live client platforms with Laravel, Next.js and TypeScript, with a focus on performance, security and clean, maintainable code. Experienced trainer and mentor for interns and junior developers.

EXPERIENCE

Software Engineer — Infinity Vision — **Jul 2026 – Present**

Mirpur, Pallabi, Dhaka, Bangladesh

- Design and build software end to end: system design, databases, APIs, frontends, testing and deployment.
- Focus on performance, security and clean, maintainable code across Laravel and JavaScript/TypeScript projects.

Web Developer — Digital Hub Bangladesh Limited — **Jul 2022 – Aug 2023**

Dhanmondi, Dhaka, Bangladesh

- Developed and improved features for a GPS route-tracking system, contributing to revenue generation.
- Worked on a cloud-based software solution for the dumpster rental industry (projmantech.com).
- Collaborated with WebOps, back-end Java developers, designers, project managers and QA analysts to meet deadlines.
- Updated and debugged existing codebases based on QA feedback, using Git for version control and collaboration.
- Certified trainer: delivered web development sessions and mentored interns in debugging, version control and client projects.

Web Developer (Intern) — Tai Global — **Jan 2022 – Jun 2022**

Uttara, Dhaka, Bangladesh

- Designed and implemented interactive front-end interfaces for e-commerce platforms using PHP and Laravel (shoppolly.com).
- Developed visualization tools for customer orders and user interactions, improving usability and decision-making.
- Contributed to front-end and back-end features in cross-functional teams, and maintained design specs and progress logs.

SELECTED PROJECTS

Wonder Kids Development Center — wonderkdc.com — Next.js · TypeScript · React · Payload CMS · Tailwind CSS

Website for an autism and child development centre: therapy services, appointment and assessment booking, events, blog and donations, managed in Payload CMS.

SmartLife — smartlifeorg.com — Laravel 12 · Filament · PHP

E-commerce store for a Dubai tech-accessories brand: catalogue, cart, wishlist, accounts, order tracking, cash-on-delivery and card checkout, English/Arabic.

SEBA Centre for Special Needs — sebaabacentre.com — Laravel · PHP 8.3

Website and learning platform for an ABA therapy centre: online courses with enrolment, student accounts and an admin panel.

Open source — github.com/akramulhoque1320 — Python · Flask · Django · Java

Flask e-commerce shop, Django blog, Java library management system and a Python CLI expense tracker.
